Vertical Alignment Test (via Styles)

This text has multiple lines and should be vertically centered by the style.	This cell overrides the style to be top-aligned.	This cell is also middle-aligned and has a lot of text that will wrap around to multiple lines just to make the row extra tall.

Stack Layout Test

This is the first line in the stack.

This is the second line, which is centered because the stack is centered.

This is the third line.

Stacks in Tables

Column 1	Column 2
This is a stack in a cell. Second line of the stack.	This is a regular cell. The row height should be determined by the stack on the left.
